I see that the meglomania is strong in you, young Jeddi.

1.) Retirement with full benefits is not losing one's job, and 2.) you are less annoying to Riley than a pimple on his ass.

Riley is now an ARRL official in his "retirement," and that must really be hard for you to explain, because Hollingsworth keeps winning while you keep losing.

Mark wants to anger as many people as possible in order to achieve
some kind of imaginary "revenge" against enemies who have long left
RRAP. Mark is certifiable, and may be involuntarily committed for

Congratulations to Riley! Well deserved.

Nevertheless, Mark KB9RQZ, apparently likes to make outlandish claims. Riley was planning his retirement for at least a year before he actually retired, he spoke about it several times on 75 meters BEFORE he retired. So Mark, KB9RQZ's claim is just another one of his made up tales

Mark also likes to claims that he was responsible for the elimination of the code requirement too...LOL.

But those of us who live in the real world know better. While the dunce was on here acting like a fool in a wet paper bag trying to fight his way out. with no one that mattered in deciding the code issue. The ARRL, FCC, ITU and folks such as Frederick Maia and the Group at NCI, were the real ones who worked out the issue.

Mark has a vivid grandiose imagination, and he makes up all kinds of outlandish stories and fantasies...I pity the fool.

Like was once said "It truly must be hell to be at the mercy of the entire world"

FOR IMMEDIATE RELEASE -- St. Louis, MO- November 7, 2008 - ETHEX Corporation announced today that it has voluntarily recalled to the consumer level specific lots of five generic /non-branded products that it markets. These lots have been recalled as a precaution, due to the possibility that they may contain oversized tablets. In the case of Propafenone HCl, these consequences can include arrhythmias (irregular heartbeat) and low blood pressure. In the case of Isosorbide Mononitrate, these consequences can include fainting and low blood pressure. In the case of Morphine Sulfate, these consequences can include respiratory depression (difficulty or lack of breathing) and low blood pressure. The snippet quoted above your comment is most likely an incorrect summary of the actual decision. First, GMRS _does_ require q federal license to operate. Second, the statement that ham radio isn't allowed because it requires federal license to operate isn't a complete statement. "You can't operate if you don't have a license because a license is required" would be a correct statement, for example. "You can't operate a ham station in your home with a license because a federal license is required" would be wrong.

I'd want the citation to the case so I could read it myself. The summary provided is clearly incorrect.

On a train from London to Manchester, an American was telling off the Englishman sitting
across from him in the compartment.
"You English are too stuffy. You set yourselves apart too much.
Look at me... in me, I have Italian blood, French blood, a little Indian blood, and some

Swedish blood. What do you say to that?"
The Englishman said, "Very sporting of your mother."

"I am" is reportedly the shortest sentence in the English language. Could it be that "I do" is the longest sentence?

From my shortwave listening and ham radio listening over the past
thirty some years, I grew up
thinking that qsl did not mean the follwing. And I would have probably
said the same things the
people complaining about the people who use it to mean the following
do.

But I just found this site which claims qsl has been used as a
question ever since during the
all cw days.

And therefore is proper.

So now I have to change my way of thinking about it. Since I would
have called it "improper use
of qsl" before I read this site.

You can't shame Mark. Don't try.
He has no shame. He admits to no remorse.

The guy is a fool. A simple, addle-brained fool who blames his difficulties
on others.

Mark is not "all there", if you get the drift. He has certain personality
traits that befuddle those of us who have the ability to think straight and
who are reasonable, every day Joes who hold down daily jobs.

Don't humor him.
The greatest insult you can bestow upon Mark is to simply ignore him. That
irks this attention-seeker to no end.

1185. Ignore Mark's Thread Jackings, too.

Don't read his thread jackings. I ignore them. I don't lower myself to read them.
If he won't post on topic, ignore his posts. They are a waste of your time.

Most of his posts are pissing in the wind, anyway.

Little Billy returns home from school and says he got an F in arithmetic.
"Why?" asks the father."
"The teacher asked, 'How much is 2x3?' I said 6," replied Billy.

There are 7 numbers. You need 7 slots to store the above information, but only 6 if you
don't include the zero.

If there are 7 people and one of them has no money, do you just forget about him?

There once was a priest who had to spend the night in a hotel. He asked the hat check girl to come up to his room for dinner. After a while he started making passes, when she stopped him and reminded him he was a holy man.
"It's OK," he replied, "it's written in the Bible."
So after a wild night of sex, the hat check girl asked to see where in the Bible it says it's okay to have wild, passionate sex.
The priest picks up the Bible off the dresser opens to the first page where someone wrote in pencil:
"The hat check girl puts out!"

Pappy sees Elmer walking with a lantern and asks, "Where ya going boy?"
The son smiled and replied, "I'm a-going courting Peggy-Sue."
The Father said, "When I went a-courtin', I didn't need me no dang lantern."
"Sure Pa, I know." the boy said. "And look what you got!"

The Value of Drink

'Sometimes when I reflect back on all the wine I drink
I feel shame. Then I look into the glass and think
About the workers in the vineyards and all of their hopes
And dreams .. If I didn't drink this wine, they might be out
Of work and their dreams would be shattered.
Then I say to myself, 'It is better that I drink this wine and let their
Dreams come true than be selfish and worry about my liver'
~ Jack Handy

WARNING: The consumption of alcohol may leave you wondering what the hell
Happened to your bra and panties.
~~~~~~
'I feel sorry for people who don't drink. When they
Wake up in the morning, that's as good as they're
Going to feel all day. '
~Joe E. Lewis

WARNING: The consumption of alcohol may create the illusion that you are
tougher, smarter, faster and better looking than most people..
~~~~~~
'When I read about the evils of drinking, I gave up reading.'
~ Henny Youngman

WARNING: The consumption of alcohol may lead you to think people are
laughing WITH you.
~~~~~~
'24 hours in a day, 24 beers in a case. Coincidence? I think not.'
~ Stephen Wright

WARNING: The consumption of alcohol may cause you to think you can sing.

'When we drink, we get drunk When we get drunk,
We fall asleep. When we fall asleep, we commit no sin.
When we commit no sin, we go to heaven. So, let 's all
Get drunk and go to heaven!'
~ Brian O'Rourke

WARNING: The consumption of alcohol may cause pregnancy.

'Without question, the greatest invention in the
History of mankind is beer. Oh, I grant you that the

To some it's a six-pack, to me it's a Support Group. Salvation in a can!

WARNING: The consumption of alcohol may make you think you can logically converse with members of the opposite sex without spitting.
~~~~~~
And saving the best for last, as explained by Cliff Clavin, of Cheers.
One afternoon at Cheers, Cliff Clavin was explaining the Buffalo Theory to his buddy Norm.
Here's how it went:

'Well ya see, Norm, it's like this.... A herd of buffalo can only move as fast as the slowest buffalo. And when the herd is hunted, it is the slowest and weakest ones at the back that are killed first This natural selection is good for the herd as a whole, because the general speed and health of the whole group keeps improving by the regular killing of the weakest members. In much the same way, the human brain can only operate as fast as the slowest brain cells. Excessive intake of alcohol, as we know, kills brain cells. But naturally, it attacks the slowest and weakest brain cells first. In this way, regular consumption of beer eliminates the weaker brain cells, making the brain a faster and more efficient machine. That's why you always feel smarter after a few beers.'

WARNING: The consumption of alcohol may make you think you are whispering when you are not.

FOR IMMEDIATE RELEASE -- Fort Washington, PA (November 7, 2008) - Johnson & Johnson . Merck Consumer Pharmaceuticals Company (JJMCP) is voluntarily recalling approximately 12,000 units of Infants' MYLICON® GAS RELIEF DYE FREE drops (simethicone-antigas) non-staining sold in 1 oz. plastic bottles that were distributed after October 5, 2008 nationwide. The company is taking this action in consultation with the U.S. Food and Drug Administration (FDA). Although the potential for serious medical events is low, the company is implementing this recall to the consumer level as a precaution after determining that some bottles could include metal fragments that were generated during the manufacturing process. If any medical events were to occur, most are expected to be temporary and resolve without medical treatment. Parents who have given the product to their infant and are concerned should contact their health care provider immediately.

The two lots of Infants' MYLICON® GAS RELIEF DYE FREE drops non-staining 1 oz. bottles included in the recall are:

Consumers who purchased Infants' MYLICON® GAS RELIEF DYE FREE drops non-staining included in this recall should immediately stop using the product and contact the company at 1-800-222-9435 (Monday - Friday, 8:00 a.m. - 8:00 p.m. EST) or via the internet at www.mylicon.com for instructions regarding how to dispose of the product and request a replacement or refund.

Infants' MYLICON® drops are sold over-the counter, in retail stores and pharmacies, as an anti-gas medicine to relieve the discomfort of infant gas frequently caused by air swallowing or by certain formulas or foods.

The recall does not affect any Original Infants' MYLICON® GAS RELIEF products (1/2 oz. or 1 oz. size) or Infants' MYLICON® GAS RELIEF DYE FREE drops non-staining (1/2 oz. size).

The manufacturer has instructed retailers and wholesalers to return their inventories.

A big-city, U.S. lawyer went duck hunting in rural Canada. He shot a bird, but it fell into
a farmer's field on the other side of a fence. As the lawyer climbed over the fence, an

elderly farmer drove up on his tractor and asked him what he was doing.
The litigator responded, "I shot a duck and it fell into this field, and I'm going to retrieve it."
The old farmer replied, "This is my property, and you are not coming over here."
The indignant lawyer said, "I am one of the best trial attorneys in the U.S. and, if you don't let me get that duck, I'll sue you and take everything you own."
The old farmer smiled and said, "Apparently, you don't know how we do things in Canada. We settle small disagreements like this with the Canadian Three-Kick Rule."
The lawyer asked, "What is the Canadian Three-Kick Rule?"
The farmer replied, "Well, first I kick you three times and then you kick me three times, and so on, back and forth, until someone gives up."
The attorney quickly thought about the proposed contest and decided that he could easily take the old codger so he agreed to abide by the local custom. The old farmer slowly climbed down from the tractor and walked up to the city feller. His first kick hit the lawyer's groin and dropped him to his knees. His second kick nearly wiped the man's nose off his face. The barrister was flat on his belly when the farmer's third kick to a kidney nearly caused him to give up.
The lawyer summoned every bit of his will and managed to get to his feet and said, "Okay, you old coot! Now, it's my turn!"
The old farmer grinned and said, "Naw, I give up. You can have the duck!"

It is not the same as nothing. An empty bank account is not the same as no bank account.

The brain would not do that. Especially as the mincing machine will have severed it's supplies of sugar and oxygen.

Why does the law society prohibit sex between lawyers and their clients?
To prevent clients from being billed twice for essentially the same service.

There are three blondes stranded on an island. Suddenly a fairy appears and offers to grant each one of them one wish.
The first blonde asks to be intelligent. Instantly, she is turned into a brown haired woman and she swims off the island.
The next one asks to be even more intelligent than the previous one, so instantly she is turned into a black haired woman. The black haired woman builds a boat and sails off the island.
The third blonde asks to become even more intelligent than the previous two. The fairy turns her into a man, and he walks across the bridge.

So, would a bank account that has nothing in it, read 000.00 or would

A six year old boy is riding his bicycle he got for Christman down on Main Street when he is stopped by a Policeman on a horse.

The Policeman asks the little boy, "Did you get that bicycle for Christmas?"

The little boy responds, "Why yes I did."

Then the Policeman tells the little boy, "Well I have to give you a ticket because you do not have a reflector on the rear fender. The next time you see Santa Clause, tell him that he should have put a reflector on your bicycle."

The Policeman writes the ticket, then leans over and hands it to the little boy.

Looking at the ticket, the little boy says, "Well can I ask you a question Mr. Policeman."

The Policeman responds, "Why yes."

The little boy asks, "Did you get that horse for Christmas?"

The Policeman playing along says "Why yes I did."

The little boy responds, "Well the next time you see Santa Clause, tell him that he should have put the dick on the bottom of the horse.

Recall -- Firm Press Release
FDA posts press releases and other notices of recalls and market withdrawals from the firms involved as a service to consumers, the media, and other interested parties. FDA does not endorse either the product or the company.

CSI USA, Inc. Issues Voluntary National Recall of Topical Acne Cream
Contact:
George J. Phillips, Esq.
(615) 822-8822

FOR IMMEDIATE RELEASE -- GALLATIN, TN, November 13, 2008 - CSI, USA, Inc. issued a voluntary nationwide consumer product recall of all lots of 1 ounce (28 g) tubes of 10% Benzoyl Peroxide Acne Cream with the following names: "DG Maximum Strength Acne Medicated Gel" (sold at Dollar General); "Kroger Acne Gel 10% Benzoyl Peroxide Acne Medication" (sold at Kroger); and "Equate: Medicated Acne Gel" (sold at Wal-Mart).

These products are being recalled because samples of the products were found to contain bacteria identified as "Burkholderia Cepacia," formerly known as Pseudomonas Cepacia.

After conducting a thorough assessment, the company concluded that the risk of illness in healthy individuals following use of this product is very low. However, there could be an increased health risk of infections for individuals with cuts, scrapes, rashes or other compromised skin conditions; or those with weakened or suppressed immune systems.

No consumer adverse health events related to this issue have been reported.

No other acne medications sold by Dollar General, Kroger or Wal-Mart are affected by this recall.
Consumers should discontinue using the product and may obtain a full refund by mailing the tube, or proof of purchase, to:

CSI USA, Inc.
170 Commerce Way
Gallatin, TN 37066
Attn: ACNE CREAM RECALL

Additional information can be found at the product website, www.acnemedrecall.com.
